

Response to Amendment

The reply filed on 04/29/2008 is not fully responsive to the prior Office action because of the following omission(s) or matter(s): The Applicant was required to elect a single species of a) oil component, b) polar solvent, c) amphiphilic material and d) polar compound. Applicant has elected multiple species for the polar solvent and amphiphilic material. Therefore, Applicant has failed to elect a single species to which the claims shall be restricted. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given a TIME PERIOD of **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. Since this application has been granted special status under the accelerated examination program, **NO** extensions of time under 37 CFR 1.136(a) will be permitted.

The objective of the accelerated examination program is to complete the examination of an application within twelve months from the filing date of the application. Any reply must be filed electronically via EFS-Web so that the papers will be expeditiously processed and considered. If the reply is not filed electronically via EFS-Web, the final disposition of the application may occur later than twelve months from the filing of the application.
